MOBILE ASSORTMENTS FROM PIONEER TO MARKET LEADER

Over 40 years ago, Sortimo started out with a product range consisting of a blue metal case and a range of multi-coloured inset boxes. Designed to ensure the safe transportation of small parts and tools, the metal case is still at the heart of our whole product portfolio.

Today, the Sortimo van racking solution range is made up of more than 3,000 individual items. It comprises a series of totally compatible storage systems, transport containers and load securing systems and offers innovative solutions for all tradesmen and service professionals.

The well-designed ergonomics, optimum passive safety, quality and longevity of our products ensure they stand out from the crowd in tough, everyday use – whether it is a single insert for a case or a complete set of van racking solutions.

It is these high standards that make Sortimo the global market leader in load securing systems and van racking solutions.

INTELLIGENT MOBILITY WITH OUR MOBILE ASSORTMENTS

Sortimo's innovative strength is reflected in every single product in the mobile assortments – and not just because of their cutting-edge design. Intelligent material combinations and top-quality workmanship guarantee the stability, longevity and safety of all our product solutions.

Consistent system compatibility ensures that every item from our mobile assortments can be combined with other Sortimo in-vehicle products. The mobile assortments and all accessories can be used in flexible ways to help you maximise the efficiency of your work processes.

FROM CURBSIDE TO WORKSITE

Optimise your work processes with mobile assortments from Sortimo. All your work equipment can be kept tidy and safely stored in your van, while still being extremely mobile.

Each transport box can be quickly and easily carried from your workshop to your van, on a trolley or caddy, if required. Then it can be transported to the job site and back in your vehicle. At the end of your working day, it makes it easier to carry everything back to your workshop.

THE BOXXES

COMPATIBLE AND VERSATILE

The modular design of the Globelyst gives you a huge choice of possible combinations for your van racking system.

Whether you are using cases or BOXXes – Sortimo's modular design means that there are no limits to your creativity. From the classic metal case to the latest i-BOXX Rack – you've never had this much flexibility.

S-BOXX

The ideal holder for small components, spare parts and screws.

CASE

For 40 years, Sortimo's classic product has fulfilled every possible requirement in terms of organisation and longevity.

M-BOXX

The ideal transport container for bulky goods. It clicks onto the system and can also be used as a drawer.

T-BOXX

The practical plastic case with transparent lid for a clear view.

i-BOXX

Either as a single unit or as part of the LS-BOXX – our smallest portable organiser makes sure everything is in its place.

L-BOXX + LS-BOXX + i-BOXX Rack

The L-BOXX family is the intelligent solution for tradesmen and service professionals who are always in movement.

METAL CASE PORTABLE AND WELL-ORGANISED, RIGHT FROM THE START

The legendary metal case from Sortimo

Since the first metal case was launched on the market over 40 years ago, we have been continually improving our classic product.

METAL CASE TIMELESSLY PRACTICAL...

► ... these are the special features of your metal case.

Available in four different heights, all cases are extremely sturdy and will withstand tough everyday use. Perfect functionality, even when full to the brim or loaded with heavy equipment.

Easy to carry and the lid can be opened with one hand, it opens wide to 120 degrees. Interior can be organised whatever way you like to make your work easier.

Inset boxes or dividers can be arranged to suit your requirements. On insertion of a foam inlay, everything is kept in place, even in movement. This Sortimo classic can also be fastened in all sorts of different ways to the in-vehicle equipment – **practically timeless.**

KM = Small components case keeps parts tidy while you are on the move (screws, dowels, etc.)

Small components case 320

KM 320
Ref. no. 5228000
Dim.: 440 x 330 x 66 mm
Weight: 2.6 kg
Sortimo small components case without Inset boxes

Small components case 321 A

Weight: 0.175 kg
Foam insert for 121 nozzles Ø 22 mm
and 1 x Inset box G3 green.
Fits the KM/WM 320 and 24-6 drawer.

THE T-BOXX

THE HANDY SEE-THROUGH PLASTIC CASE

Light, sturdy and easy to adjust – these are the features that make the T-BOXX your perfect alternative to the classic metal case.

Its transparent lid made from highly impact-resistant polycarbonate means you can see the contents at a glance without opening. The T-BOXX is very practical due to its handy Inset boxes.

THE T-BOXX PERFECTLY TRANSPARENT

Light, sturdy and impact-resistant, it is perfect for everyday use. Not only because of its wide opening angle but also due to the combination possibilities for the Inset boxes to accommodate your small parts and tools which are almost unlimited.

The fasteners are equally versatile: suspension adapters allow the T-BOXX to be easily fastened to the perforated aluminium panel or the doors.

The mini blocks offer a simple solution for the storage of T-BOXXes in your vehicle. The cover of the cases and BOXXes can be completely opened due to the full extension of the case trays which enables the quick and easy removal of small components and tools.

Sortimo T-BOXX empty

Two are attached to the supporting material and four are screwed into the base of the T-BOXX.

Sortimo® HD

THE HD CASE

THE STURDY SMALL COMPONENT CASE

The new HD case from Sortimo pays homage to the company's founder Herbert Dischinger! A case that was designed in the style of the metal case and which meets the tough requirements of your workday.

HD CASE

The HD case is extremely resilient and dirt tolerant as well as exceptionally light in weight and was designed in the style of the absolute Sortimo classic, the blue metal case. In addition the case can be used for either tools or small components. The big difference in comparison to the metal case are the materials.

The HD case is constructed with an intelligent mixture of high quality plastic, reinforced and boasting protectors and a highly durable handle, all designed to meet the requirements of your workday. Of course the HD case can be fully integrated into our Sortimo Globelyst System.

L-BOXX

THE AWARD-WINNING BESTSELLER

Whether it's heavy materials, customer samples or tools – the L-BOXX from Sortimo will transport anything and everything from your vehicle to the job site and back again.

Safe, convenient and totally reliable. Of course the L-BOXX integrates seamlessly into the Globelyst system. Another great feature is its fast click system. This means you can quickly and easily click the L-BOXXes together and separate them again to suit your particular needs.

PARTNER-APPS

ONE SYSTEM FOR EVERY NEED

Not only Sortimo customers are convinced of our BOXXes, but also well-known manufacturers use this Sortimo L-BOXX as a transport container and for packaging. Due to continuous new partners, the L-BOXXes are becoming conventional Partner-Apps with multiple equipping possibilities. Regardless of which manufacturer you buy a Sortimo BOXX from, the system remains the same and is of course compatible with the Sortimo van racking system.

Your benefits:

- You can take the BOXXes very easily with you to the site of operation.
- You keep everything in order both in your vehicle and at your work place.
- Your tools, power tools, small components and spare parts are safely and securely stored in your vehicle.

L-BOXX FAMILY
L-BOXX

L-BOXX FAMILY
L-BOXX

SORTIMO PARTNER APPS FOR YOUR SUCCESS

THE L-BOXX MOBILE COMPATIBLE

Above all, the L-BOXXes made of impact-resistant ABS plastic are totally practical.

They come in four sizes, are completely compatible and are designed to meet all your requirements. No matter what your line of business, with a sturdy lock, useful

plastic handles and different-sized inserts, it is always the ideal solution.

It can also be easily fastened to the van racking system onto shelves or the MultiSlide.

L-BOXX MINI

The L-BOXX Mini not only attracts attention due to its small size but also makes a good impression as a transport system for small components, keeping them in order and allowing for subdivision.

In spite of the limited size the L-BOXX Mini has taken on all practical functions of the popular L-BOXX: it is stackable, can be clicked onto each other and have a practical handle. In addition it is equipped with two removable dividers that

enable the storage and protection of any type of small component, no matter if it is screws, small drill bits, rawlplugs or miscellaneous items. You always have the appropriate materials at hand with the the L-BOXX Mini, no matter where your place of operation may be.

The L-BOXX Mini can be used separately or in combination with all L-BOXXes, drawers or the popular i-BOXX. The L-BOXX Mini is food safe and therefore it is an ideal container for your lunch.

L-BOXX

MULTIPACK TOOL RUCKSACK

The **Sortimo MultiPack** is a tool rucksack, which was developed in cooperation with the Deuter Sport GmbH. Both of the main compartments can each be equipped with the inlays of either the L-BOXX 136 (compartment nearest to back) or rather the L-BOXX 102 (corpus outer part). That way e.g. the appropriate i-BOXX can be taken along for each task. There are two tool cards in between both

main compartments, which provide additional space for screw drivers, pliers etc. Thanks to the Vari Flex carrier system, the MultiPack can be carried effortlessly to the next construction site, even at a maximum load capacity of 18 kg. The numerous functions are rounded off by means of a document storage pocket and a pocket for NFC-Chips at the front.

MultiPack Tool rucksack

MP
Ref. no. 6000003567
Dim. (WxDxH): 230 x 360 x 500 mm
Weight: 1.8 kg
Max. load: 18 kg
Capacity: compartment nearest to back, high compartment: 11.69 l
Lower compartment on the corpus outer part: 7.51 l

Tool tray insert 3 recesses MultiPack

MP WE 3
Ref. no. 6000003661
Tool tray insert made of deep drawn hard plastic with 3 recesses for the MultiPack. The centre compartment is formed in such a way that the half Bosch-Inlay for the small cordless drill can be accommodated for.

Storage pocket 04-6 MultiPack

MP AB 04-6
Ref. no. 1000005185
Dim. (WxDxH): 356 x 220 x 102 mm
Weight: 1.9 kg
Max. load: 19 kg

The MultiPack tool rucksack can be incorporated into the van racking system by means of the storage pocket. The Prosafe lashing strap is recommended for securing the upper part of the rucksack. If the rucksack is stowed away with the front part facing the block, then you can simply slip into the straps for shoulders and get started!

Rain cover fluorescent yellow MultiPack

MP RH
Ref. no. 6000003682
Dim. (WxDxH): 115 x 85 x 55 mm
Weight: 0.07 kg
The rain cover is stowed away in a handy bag and protects the MultiPack against rain if required. The MultiPack logo is applied to the fluorescent yellow polyester in reflecting silver-grey.

GEDORE TOOL TRAY INSERTS

These tool tray inserts were created in cooperation with Gedore for a variety of requirements. Every version (electric branch, sanitary, heating, ventilation or also all-round) provide all the necessary tools for a busy workday.

The inserts can be used for the L-BOXXes 102, 136, in the drawers of the Globelyst racking system or also in the MultiPack rucksack.

L-BOXX FAMILY
L-BOXX

L-BOXX 238

The special feature: the Thermo L-BOXX.

The insulated L-BOXX 238 enables that your materials such as glue, acrylic or silicone have optimum trouble free usage both in summer as well as winter. Like all L-BOXXes it can

be easily clicked together and is fixed with the MultiSlide or the adapter plate in your vehicle.

LT-BOXX

The LT-BOXX facilitates the transport of bulky tools from your vehicle to the place of operation. It is an open L-BOXX with a broad swiveling out handle in order to enable easier loading and unloading. Materials can be put together quickly and conveniently transported along with your other tools.

In addition the LT-BOXX is fully compatible with all other BOXXes in our system – no matter if it is the L-BOXX, the LS-BOXX or the i-BOXX Rack. Furthermore it is just as sturdy and resilient as the L-BOXXes and fits seamlessly into every Sortimo van racking system.

LS-BOXX

The perfect solution for transporting power tools and small components together.
The LS-BOXX combines the L-BOXX 136 with a smaller, removable i-BOXX.

This system is available in two versions: either with two 72 mm-high i-BOXXes or with a low 53 mm i-BOXX and one open tray. Of course the LS-BOXXes are also compatible with each other.
A particularly practical feature is the way all L-BOXX 136 accessories fit into the upper part of the LS-BOXX.

The entire i-BOXX assortment of goods can be found on the following pages.

i-BOXX

i-BOXX RACK – COMBINED ORGANISATION AND STACKABLE

The i-BOXX Rack is a user-defined stackable and mobile shelving unit for carrying the i-BOXXes and LS Drawers and offers the highest degree of combination possibilities. The Rack is primarily for the storage and transportation of small components, however, designed in connection with the i-BOXX thanks to the LS Drawer larger utensils can be stored without difficulty.

As a mobile shelving unit the rack is stackable and eases transportation, regardless whether transported individually or on the L-BOXX Caddy. Of course it is compatible with the entire Globelyst system and can be adapted to customers' requirements or as the case may be daily requirements and provides nevertheless an entry into the entire in-vehicle equipment from Sortimo.

Completely adaptable into the Sortimo world:

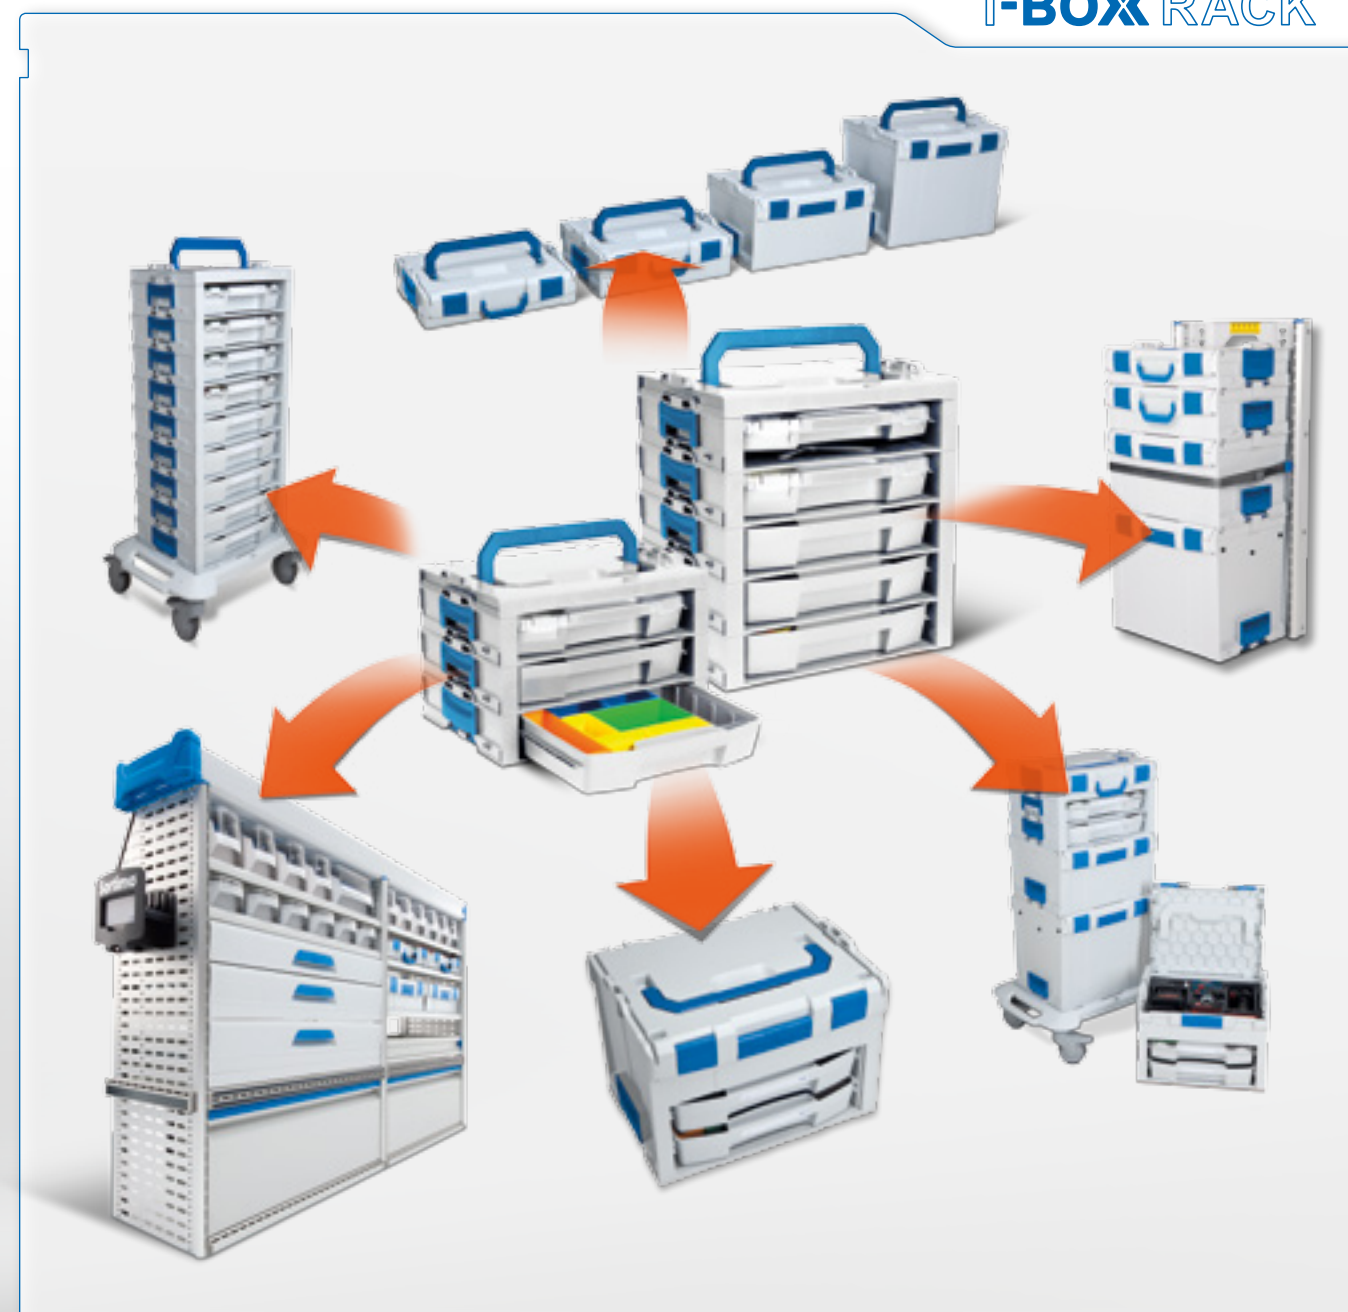

The i-BOXX Rack can be integrated without difficulty onto your standard shelf, service case rails, onto the MultiSlide,

as well as the adapter plate and of course the Rack is compatible with the entire L-BOXX system.

L-BOXX FAMILY
i-BOXX RACK

i-BOXX® RACK

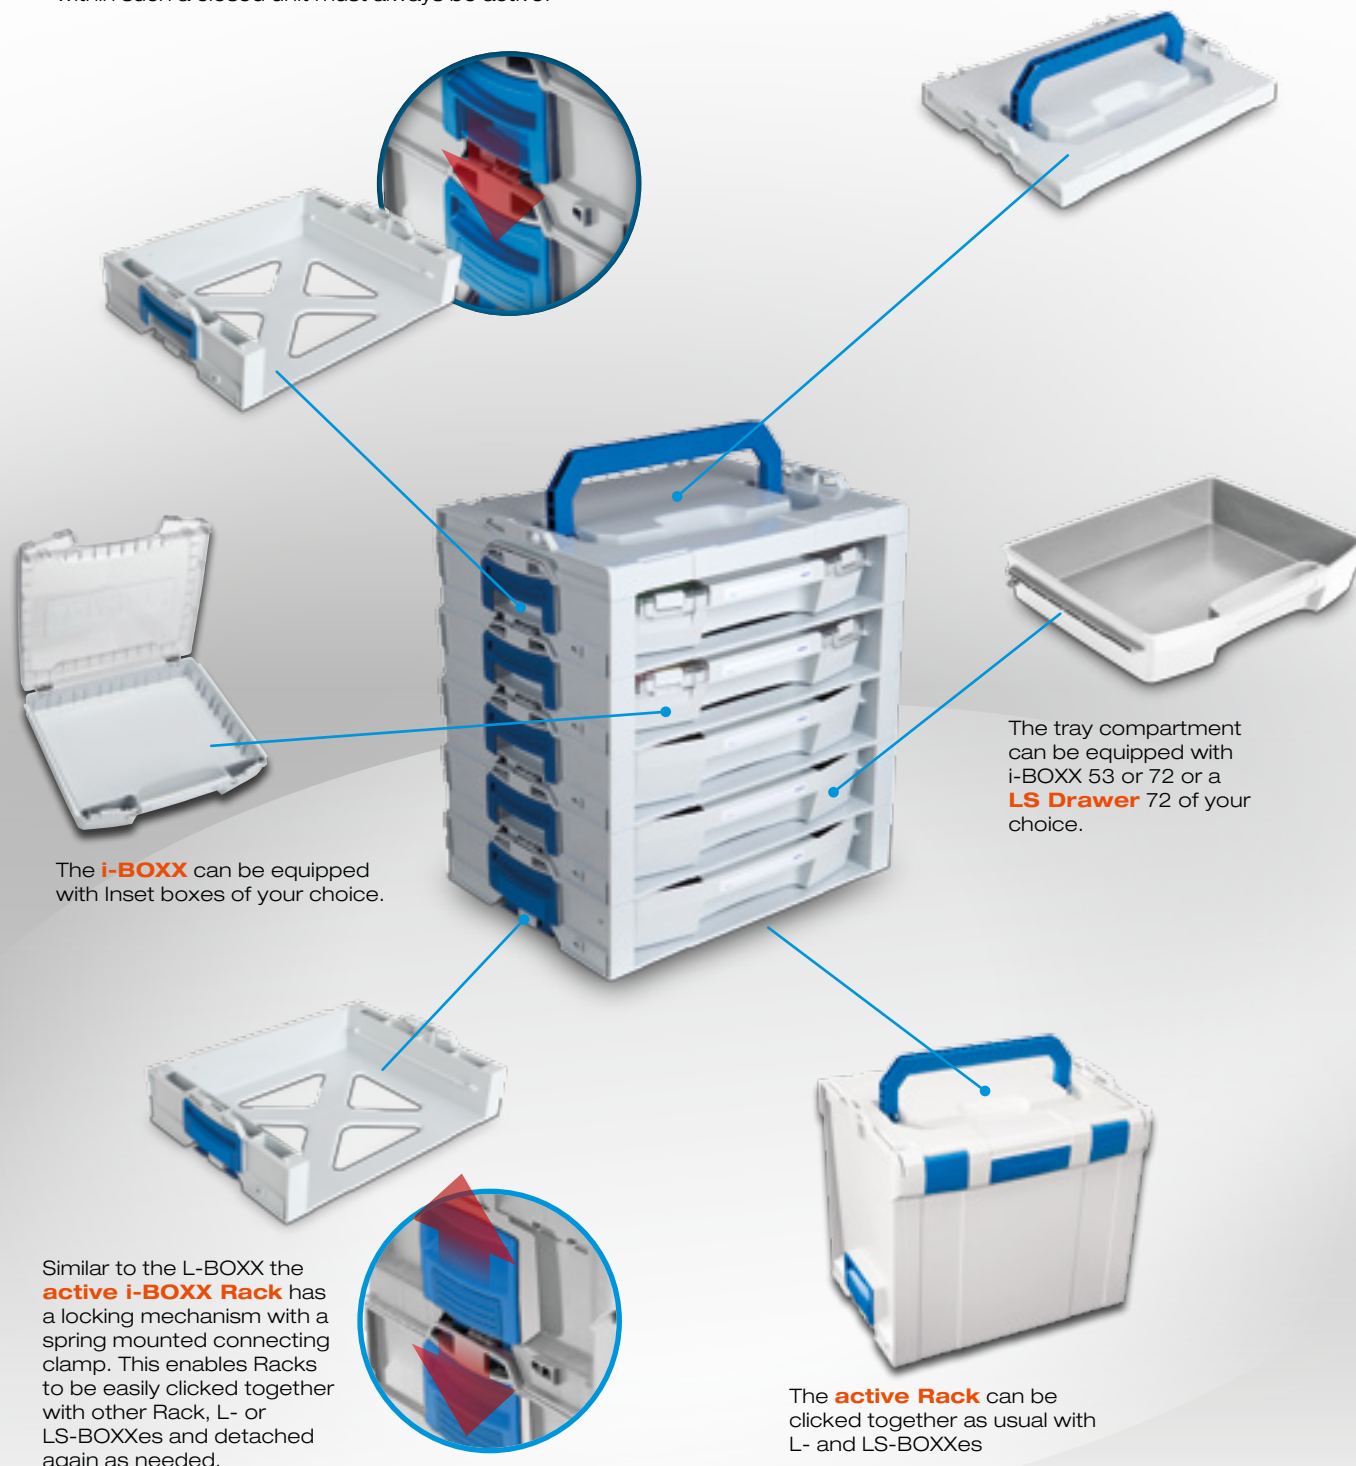

L-BOXX FAMILY
i-BOXX RACK

i-BOXX RACK – COMBINED ORGANISATION AND STACKABLE

For the **inactive rack** the connecting clips are firmly fixed to the base body thereby a **fixed and permanent connection** occurs.

This variation is more suitable in situations where multiple racks are put together to form a shelf block. In order to be able to combine a **shelf block** together with the rest of the system, the bottom rack within such a closed unit must always be active.

The **i-BOXX Rack cover** locks the upper most rack, has a handle and can of course be clicked together with all other L- or LS-BOXXes.

i-BOXX Rack Active

I-RACK A 85
Ref. no. 6000001428
Dim.: 442 x 342 x 100 mm
Weight: 1.0 kg
The active Rack can be easily connected to other Racks, L- or LS-BOXXes and detached again as needed.

i-BOXX Rack Inactive

I-RACK I 85
Ref. no. 6000001429
Dim.: 442 x 342 x 100 mm
Weight: 1.0 kg
The inactive i-BOXX Rack is more suitable in situations where multiple Racks are put together to form a closed shelf block that cannot be separated again.

i-BOXX Rack Cover

I-RACK D 34
Ref. no. 6000001430
Dim.: 442 x 341 x 56 mm
Weight: 0.9 kg
The i-BOXX Rack cover with a handle locks the uppermost Rack upwards.

i-BOXX Rack 3 Compartments 289 with LS-S TE

I-RACK 3-289 LSSTE
Ref. no. 1000002476
Dim.: 442 x 342 x 304 mm
Weight: 5.5 kg
Set consists of 3 i-BOXX Racks (2x inactive, 1x active) including cover as well as 3 drawers incl. small component trays with 7-, 12- and 16- recesses in each.

i-BOXX Rack 3 Compartments

I-RACK 3-289

Weight: 3.9 kg
Set consists of 3 i-BOXX Racks including cover. (Delivery without i-BOXXes and LS Drawers)

i-BOXX Rack 3 Compartments 289 with i-72 TE

I-RACK 3-289 72TE
Ref. no. 1000002477
Dim.: 442 x 342 x 304 mm
Weight: 6.5 kg
Set consists of 3 i-BOXX Racks (2x inactive, 1x active) including cover as well as 3 i-BOXXes 72 incl. small component trays with 7-, 12- and 16- recesses in each.

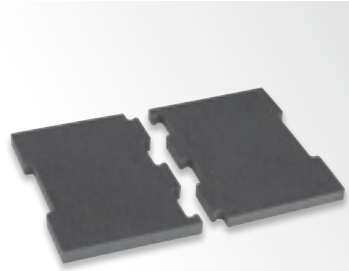

i-BOXX Rack 5 Compartments

I-RACK 5-459
Ref. no. 6000001621
Dim.: 442 x 342 x 475 mm
Weight: 5.9 kg
Set consists of 5 i-BOXX Racks (4 x inactive, 1x active) including cover. (Delivery without i-BOXXes and LS Drawers)

The entire variety of i-BOXXes can be found from page **70**

ACCESSORIES FOR L-BOXXES, LS-BOXXES AND i-BOXX RACKS

L-BOXX FAMILY
ACCESSORIES

Seat cushion for lid

LB SPD
Ref. no. 121015436
Foam seat cushion, fits all L-BOXX lids, 25 mm thick.
Can be separated for transport in the L-BOXX.
Turns your L-BOXX into a comfy seat for a quick break.

Screw clamp for worktop L-BOXX

LB SZ AP
Ref. no. 121018025
Screw clamp for worktop lid, one-piece.
Turns your L-BOXX into a mobile workbench.

Worktop for lid, one-piece

LB APD 1TEIL
Ref. no. 121017995
Worktop, 18 mm thick.
L-BOXX can be carried and opened with the worktop mounted on it.
A screw clamp can be inserted into the handle recess.
Weight: 1.2 kg

Worktop for lid, two-piece

LB APD 2TEILE
Ref. no. 121017994
Stable multiplex worktop, 14 mm thick.
Can be mounted without tools to the lid of any L-BOXX.
Can be separated for transport in the L-BOXX.
Weight: 1.9 kg

L-BOXX FAMILY
ACCESSORIES

Mobile worktop L-BOXX

M AP LB 500x700
Ref. no. 1000001369
Dim.: 500 x 700 x 18 mm
Light, stable and versatile Multiplex worktop.
This workbench can be quickly erected anywhere using a pile of L/LS-BOXXes or an i-BOXX Rack on a L-BOXX Trolley (order separately).

Mobile worktop L-BOXX

M AP LB 1400x700
Ref. no. 1000001303
Dim.: 1400 x 700 x 18 mm
Light, stable and versatile Multiplex worktop.
This workbench can be quickly erected anywhere using 2 piles of L/LS-BOXXes or i-BOXX Racks on a L-BOXX Trolley (order separately).

A range of different attachments can be used to turn the L-BOXX into whatever you need – whether it's a worktop, a workbench or a seat.

ACCESSORIES FOR L-BOXXES, LS-BOXXES AND i-BOXX RACKS

HANDY HELPERS

With the L-BOXX accessories you'll get where you want to go.

The collapsible AluCaddy and L-BOXX Trolley make it easy to move around your stacks of L-BOXXes, LS-BOXXes,

i-BOXX Racks and heavy loads. The BOXXes can be quickly loaded onto the AluCaddy or clicked and fastened onto the Trolley. Now it's easy to transport everything to your job site. Leave your competitors behind!

With the use of the L-BOXX Trolley a BOXX-tower can be quickly and easily locked into position and pushed as one unit to the desired place of operation.

Always at hand: the L-BOXX Trolley has a permanent position in your vehicle with its practical retaining plate which is fastened to the perforated aluminium panel in the van racking system.

EASIER

FASTER

AluCaddy foldable

ZCAKL

Ref. no. 801014905

Dim.: 490 x 490 x 1090 mm

Folded: 490 x 60 x 760 mm

Foldable aluminium caddy for transporting L-BOXXes or bulky goods.

With telescopic handle and two large wheels with hard rubber tyres.

Load capacity up to 125 kg.

Weight: 6 kg

Wall fixation AluCaddy

WH ZCAKL

Ref. no. 1000004391

To hold the caddy.

Tip: The assembly of two lashing points ProSafe (ref. no. 6000001231) and the fixation with a bungee strap ProSafe (ref. no. 1000002455) is recommended for the fixation in the upper section.

Fixation set AluCaddy foldable

FS CAKL

Ref. no. 1000001838

The fixation set secures the L-BOXX tower to the AluCaddy by means of a ProSafe clamp buckle (included in the set).

Suspension adapter AluCaddy foldable

ZCAKL

Ref. no. 6000003363

The suspension adapter can be fastened to the rear of the frequently transported freight. A flat surface is a pre-condition for this.

The freight is then when needed, fastened by means of a simple insertion of the adapter into the groove of the AluCaddy.

Restraining strap for Trolley

LB FG ROLL

Ref. no. 121015519

Restraining strap with clamp buckle provides extra safety when transporting L-BOXXes or goods on the trolley.

The ends of the strap are fixed to the trolley.

L-BOXX Retaining plate trolley 2.0

LB HB LB-ROLL

Ref. no. 1000000729

The L-BOXX trolley can be stored securely in your vehicle either to your in-vehicle equipment or vehicle cladding by means of the retaining plate.

L-BOXX Trolley

LB ROLL

Ref. no. 121015412

Dim.: 650 x 510 x 150 mm

The practical, mobile platform for all L-BOXXes. The boxes click easily onto the frame.

Made of plastic with four castors, two castors can be locked.

Load capacity up to 100 kg

Weight: 3.8 kg

ACCESSORIES FOR L-BOXXES, LS-BOXXES AND i-BOXX RACKS

SAFE TRANSPORT

Regardless of whether ProSafe holder or fixation for the passenger seat or as the case may be, the back seat: The L-BOXX, LS-BOXX or the i-BOXX Rack always find a secure place.

The smallest independent in-vehicle equipment is formed out of the BOXXes thanks to the adapter plate from Sortimo. It is simply secured onto the side wall and guarantees secure hooking in of the BOXXes.

Adaptor plate 20-36 L-BOXX

LB AP PS 20-36
Ref. no. 1000000623
Dim.: 494 x 50 x 612 mm
Steel plate, weight: 3.9 kg
The adaptor plate is attached to the side wall of the vehicle and is used to ensure the L-BOXXes, LS-BOXXes and i-BOXX Racks are fastened securely.

Adaptor plate 20-54 L-BOXX

LB AP PS 20-54
Ref. no. 1000000624
Dim.: 494 x 50 x 918 mm
Steel plate, weight: 5.7 kg
The adaptor plate is attached to the side wall of the vehicle and is used to ensure the L-BOXXes, LS-BOXXes and i-BOXX Racks are fastened securely.

L-BOXX fixation for seat bench

LB HS
Ref. no. 121017150
Dim.: 470 x 370 x 47 mm
The retainer allows the L-BOXX to be securely fastened to the passenger seat or rear seat.

Strap for Adaptor plate

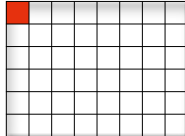

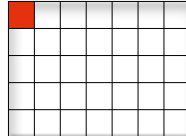

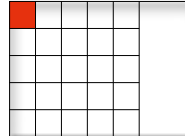

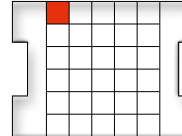

PSH KS 1,4
Ref. no. 1000000224
For fastening the L-BOXXes securely to the adaptor plate.
The hooks can be attached to the edge of the frame using the slots provided.
Load capacity max. 200 daN
Strap length 1.4 m

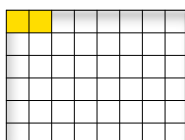

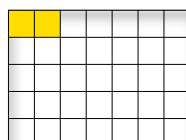

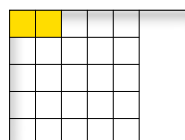

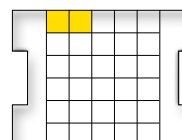

L-BOXX Holder ProSafe 2 pc.

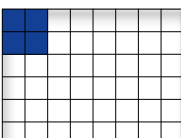

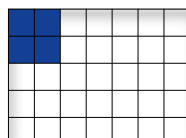

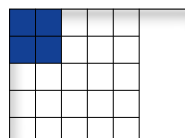

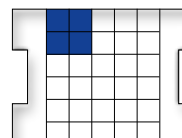

LB HPS VPE2
Ref. no. 1000001773
L-BOXXes, LS-BOXXes and i-BOXX Racks can be easily clicked into place on the vehicle floor with the L-BOXX holder. Thanks to the integrated lashing points the cargo can be additionally secured during transport with the aid of a ProSafe lashing belt.

ADDITIONAL BOXXES

With Sortimo's additional types of BOXXes you get mobile, well-designed BOXXes with a drawer function. Of course the BOXXes are also compatible with the Globelyst System – in both function and appearance.

S-BOXX

The S-BOXXes from Sortimo have a transparent front panel and can also be pulled out and used as a drawer.

Available in four heights, two widths and three depths, they can be quickly and easily integrated into your Sortimo shelving. Another practical feature is the way you can partition the BOXX using dividers (available as accessories).

M-BOXX

Sturdy and inexpensive, with drawer function – the M-BOXX from Sortimo.

Available as an open box or with a lid, the M-BOXX can also be ordered with a foam or thermoformed insert.

Of course the M-BOXX can also be partitioned with dividers and it is resistant to oil, petrol and a wide range of chemicals.

PRODUCTS FOR YOUR PASSENGER COMPARTMENT

Being mobile, flexible and organised – this is not always easy. Sortimo has found an elegant solution to

this problem. With Sortimo's products for the passenger compartment, your mobile office is always on hand.

THE AUTOMANAGER KEEPS EVERYTHING ORGANISED WHILE YOU'RE ON THE ROAD

Safely stored on the passenger seat and secured against theft, your mobile office is always with you when you are on the road.

The extending, swivelling notebook table and large inner compartment make it totally practical.

Automanager without power supply

AM OS

Ref. no. 601014453

Dim. (LxWxH): 580 x 300 x 410 mm

Weight: 7.4 kg

Automanager with swivelling notebook table and storage pockets for small items in the lid.

Automanager with power supply

AM

Ref. no. 601009565

Weight: 7.4 kg

Automanager with swivelling notebook table and storage pockets for small items in the lid.

The electrical connection happens by means of a spiral cable with a 12 V universal plug.

The perfect **transport trolley** makes it easy to move your Automanager around. Small items such as pens and calculators can be stored safely and tidily in the **office panel**. Mobile printers can also be securely attached to

the base of the Automanager using Velcro fasteners. The Automanager with power supply **can be plugged in** using a spiral cable with 12 V universal plug.

Automanager trolley

AMT

Ref. no. 601009549

Practical trolley for transporting the Automanager.

With telescopic handle.

Anti-theft device

AMD

Ref. no. 601009567

The anti-theft device provides additional security for your Automanager by fastening it to the seat with a steel cable.

Weight: 0.2 kg

Voltage transformer 12 V

AMSW

Ref. no. 601009449

12 V voltage transformer for connecting to the cigarette lighter. Various adaptors allow operation of a wide range of laptops and printers. (Please follow manufacturer's instructions.)

AUTOASSISTANT AND OFFICE BAG PRACTICAL PASSENGERS

Sortimo's **Autoassistant** is not just a handy desk pad. Its movable clipboard for notes, two compartments for storing files and brochures and bottle holder slot mean that everything is on hand when you are on the road. It fastens securely to the passenger seat and also offers additional storage space under the desk pad.

Whether it is open on the passenger seat or closed to create a briefcase or laptop case – the Sortimo **Office bag** has plenty of room for your laptop, mobile phone and pens.

Autoassistant

AAS

Ref. no. 801013911

Dim. (WxDxH): 362 x 480 x max. 661 mm

Weight: 7.4 kg

Autoassistant with two file compartments, desk pad with clipboard and slot for a 1.5 l bottle.

Includes a large box for all your documents.

With strap for fastening to the seat rest below the head rest.

Not suitable for installation on seats with non-removable headrests. (Affects the centre seat in the Renault Trafic, Opel Vivaro, Nissan Primastar, Renault Master, Opel Movano and NV400)

Divider for Autoassistant

TWSBB SF 05-11 AAS

Ref. no. 1000002082

Divider for better organisation of your Autoassistant.

Office bag

OT

Ref. no. 601014026

Dim. (WxDxH): 420 x 395 x 130 mm

The Office bag is securely fastened to the head rest and seat rest with easily detachable straps.

Your documents, pens, phone and laptop are all at your fingertips.

And when it's folded up, the Office bag turns into a handy briefcase.
